LGBTQ2+ ORGANISATIONS

LGBTQ2+ Organizations

Many newcomers to Canada are from the LGBTQ2+ community. Getting connected to LGBTQ2+ positive and supportive services, staff and resources can be challenging in a new city and/or country if you do not know where to start looking or do not have people to guide you.

To help you get connected, we have put together a list of agencies across Canada that are LGBTQ2+ friendly, knowledgeable of your needs and offer programs to support you and to connect you to the LGBTQ2+ community.
